

Basic hands:

Rotated/open meld marker syntax:

Concealed-kong shorthand:

Red fives are enabled by default:

Local ‘no-aka=1’ removes red fives while keeping the same notation:

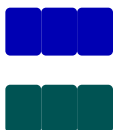

A compact key-value optional argument is also supported:

Original shorthand markers:

Inline back tile colour argument [height] [scale] [color]:

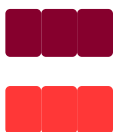

Inline **none** restores the embedded back artwork for one call only:

The global package colour is still active after inline overrides:

The global **color** key:

Global **no-aka** can be changed with setup:

Full local key-value form:

Expl3 function:
